Hubli Electric License, 1924.
Orders regarding the revocation of the -.

GOVERNMENT OF BOMBAY.
Public Works Department,
Resolution No.5660/36,
Bombay Castle, 28th January 1944.

Government Letter No.5660/36-M, dated the 3rd April 1943, to the Hubli Electricity Company, Limited:-

" The Electric Inspector, Bombay Province, who recently visited your Company reports as under:-

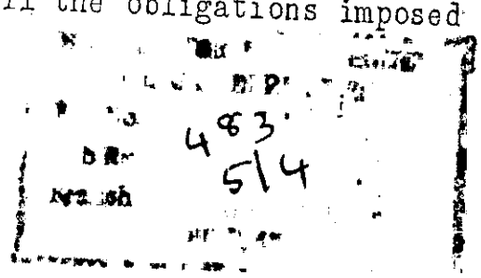
" There is no qualified Engineer or other person in charge of the supply company's station and works, either electrical or mechanical. There are six generating sets in the power house:

Description of the sets.	Condition of the set:
1. 750 B.H.P. engine with 600 KVA generator. ..	Unserviceable, owing to broken crankshaft.
2. 480 B.H.P. engine with 296 KW. generator. ..	Unserviceable, owing to broken crankshaft.
3. 350 B.H.P. engine with 275 KVA. generator. ..	Unserviceable; cylinder heads and piston heads cracked.
4. 150 B.H.P. engine with 130 KVA. generator. ..	Has been dismantled and new parts are being fitted from the Railway workshop.
5. 150 B.H.P. engine with 130 KVA. generator. ..	The engine in in such bad condition that not more than 60 KW. load can be put on the generator.
6. 115 B.H.P. engine with 82 KVA. generator. ..	The set is in a very bad condition and repairs are badly needed.

It will be seen from the above that only one set, No.(5), can be used for obtaining power, the maximum being 60 KW. against the Company's average peak load of 180 KW."

2. Government is satisfied that there are sufficient grounds for revoking your license under Section 4(1) of the Indian Electricity Act but it is pleased to permit the license to remain in force under Section 4(2) of the Act subject to the following conditions:-

(a) that within a period of six months from the date of this letter you recondition your plant and put the same in proper working order for the purpose of ensuring a continuous and efficient supply to all consumers connected to the system and in order to fulfil the obligations imposed on you by virtue of the contract with the ....



consumers as laid down in clause VI of the schedule to the Indian Electricity Act, 1910, subject to the limitations imposed by the orders issued under the Defence of India Rules, and

(b) that you make proper arrangements for the maintenance of the plant immediately.

3. Should you fail to take necessary steps to fulfil the above conditions your license will be revoked."

Read letter from the District Magistrate, Dharwar, No.Pol.SR 143, dated the 13th October 1943.

Read letter from the Hubli Electricity Company, Limited, No.L./5, dated the 13th October 1943

INDIAN ELECTRICITY ACT, IX OF 1910.

No. 5660/36.—Whereas by Government Notification in the Public Works Department, No. 1552, dated the 26th June 1924, Messrs. (1) Ramakrishna L. Amte, LL.B., and (2) Sidhéshwar S. Malimath, B.A., carrying on business in partnership under the name and style of Amte and Company, Hubli, were granted a license called the Hubli Electric License, 1924, to supply energy within the area and upon the terms and conditions mentioned in the said license and whereas, with the consent of Government the license was assigned by the said Messrs. Amte and Malimath to the Hubli Electricity Company, limited, a company duly incorporated under the Indian Companies Act, 1913, at Bombay on the 28th of March 24, subject to the performance by the assignees of the ligations imposed upon the licensees under or by the license and the Indian Electricity Act, 1910 (as ded) and the Rules for the time being in force

And whereas the said Company has failed to comply with the requirements communicated to it in Government Letter No. 5660/36-M, dated the 3rd April, 1943, viz., that within a period of six months from the date of the said Government letter, it should recondition its plant and put the same in proper working order for the purpose of ensuring a continuous and efficient supply to all consumers connected to the system and that it should make proper arrangements for the maintenance of the plant immediately, non-compliance with which has rendered the license liable to revocation under clause (*b*) of sub-section (*1*) of section 4 of the Indian Electricity Act, 1910.

And whereas in the opinion of the Government of Bombay the public interest requires that the said license should be revoked.

Now, therefore, in exercise of the powers conferred by section 4 of the Indian Electricity Act, 1910 (IX of 1910), the Government of Bombay is pleased to revoke the said Hubli Electric License, 1924, with effect from the 7 May 1944.

Public Works Deptt.

Bombay Castle, April 1944.

Order.

No. 5660/36. ~~Whereas~~ the rights, powers, authorities, duties and obligations of the Hubli Electricity Company, Ltd., (hereinafter referred to as 'the said Coy.') under the Hubli Electric License, 1924 (hereinafter referred to as 'the said license') has been revoked with effect from the 1st May 1944 vide G.N. in the Public Works Department No. 5660/36, dated the 28th Jany. 1944.

And whereas the Administrator, Municipal Borough, Hubli, has not elected to purchase the undertaking in respect of the said license (including all lands, buildings, works, materials and plant) (hereinafter referred to as 'the said undertaking') under ~~sub-section~~ clause (b) of Section 5 of the I.E.Act, 1910 (hereinafter referred to as 'the said Act').

Now therefore in exercise of the powers conferred by ~~sub-section~~ clause (c) of Section 5 of the said Act the Govt. of Bombay is pleased to direct that the said Coy. shall sell the whole of their said undertaking to.....

.....

for a sum of Rs.. and give possession thereof to with effect from the 1st May 1944.

2.

2. The sale of the said undertaking to .....

.....

~~is~~ subject to [his /their] [the] performance, [by the said] [with effect from the 1st May 1944,] of all the obligations imposed upon the said Coy. and all the rights of the Govt. of Bombay under the said license and the said Act and the Rules made therunder [and to the following conditions:]

8.4.44.

By Order of the Govr. of Bombaay,

Legal Department.

On the sale being effected as provided in section 5(c) of the Indian Electricity Act, 1910, the undertaking vests in the purchaser, the license remains fully operative and ~~is transferred to~~ enures for the benefit of the purchaser who then becomes the licensee for the purpose of the license (vide section 7(3)). The purchaser being a licensee in whom the license vests, no new conditions can be incorporated in the license except with his consent.

2. Under section 9(1) when a licensee intends to purchase the license or undertaking of another person supplying energy under any other license, the licensee has to take previous consent in writing of the Government. The section also provides that before the licensee applies for such consent, he will give not less than one month's notice of the application to the local authorities, both in the licensee's area of supply and also in the area in which such other person supplies energy. The provisions of section 9(1) apply to all cases in which a licensee intends to acquire the undertaking of any other person supplying energy under any other license, including the case of an acquisition under section 5(c) of the Act. Under section 5(c) read with S. 5(1), it would seem that a licensee intending to purchase the undertaking of another licensee would have to apply to Government intimating his intention to purchase and would also have to disclose the fact of his being a licensee under another licensee. If the Government consents to the purchase by him then only will Government direct the old licensee to sell the undertaking to him. The consent of Government contemplated by section 9(1) would be implied in such a case and accordingly the provisions of section 9(1) would have to be observed including the requisite notice to the local authority.

3. The draft order as amended is in order and it will have to be endorsed on the original license.

The additional conditions to be incorporated in the license cannot be set out in the order. Before the order is issued, the Government might ask the new licensee to agree to the amendment of the license by incorporating therein the conditions

stipulated by Government. After the Order is issued and the sale has been effected, the license may be amended by incorporating therein the conditions suggested by Government.

Supply of electrical energy outside the area of supply.

GOVERNMENT OF BOMBAY.

PUBLIC WORKS DEPARTMENT.

Resolution No. 6591/36.

Bombay Castle, 14th August 1944.

Letter from Messrs. The Amalgamated Electricity Company (Belgaum), Limited, (Belgaum Branch), No. AMAL/BEL/C-8/43, dated the 16th August 1943, as under:—

"Under your order No. 9779/27, dated 12th November 1936, we have been permitted to give supply to the jail. A plan in that connection has been already deposited with you.

"2. Energy was supplied to two flour mills outside the area sanctioned under that order as the flour mills were required by jail authorities. At the time of giving supply, it did not strike us that these flour mills were outside the area of supply covered by the said order as they were just touching the border and the flour mills were found necessary by the jail authorities.

"3. Recently, it has been brought to our notice that these flour mills fall outside the said area of supply. As the jail authorities find it necessary to have these flour mills connected to our supply, we shall thank you to give us permission to give supply to these flour mills situated within the area enclosed within green border in the deposited map sent herewith.

"4. We hope you will grant us the necessary permission to supply to the flour mills concerned."

Government letter No. 6591/36-El., dated the 21st February 1944, to Messrs. The Amalgamated Electricity Company (Belgaum), Limited, (Belgaum Branch), as under:—

"With reference to the correspondence ending with your letter No. AMAL/BEL/L-1-3/43, dated the 9th September 1943, please note that you should have ascertained definitely whether the consumers in question were situated in the authorised area or not and the necessary sanction should have been obtained under section 27 of the Indian Electricity Act, 1910, before the supply of energy was given to them. In future care should be taken to adhere strictly to the provisions of your license and the Indian Electricity Act.

"2. It seems that there are now no specific agreements between you and the consumers in question for the supply of energy. In order to regularise the position under section 27 of the Indian Electricity Act for the future it is necessary that the consumers in question should enter into specific agreements with you for the supply of energy. The necessary agreements should, therefore, be effected and copies thereof forwarded to Government on receipt of which further orders will be issued."

INDIAN ELECTRICITY ACT, 1910.

No. 6591/36.—Whereas the Amalgamated Electricity Company (Belgaum), Limited, (hereinafter referred to as "the Company") being the permitted assigns of the Belgaum Electric License, 1932, applied to the Government of Bombay to authorise the Company to supply energy to Messrs. Mohamedsab Kamalsab Pachapure and Ramachandra Bhimrao Kulkarni for the premises occupied by them at Belgaum (hereinafter referred to as the "said premises") more particularly described in the margin,* which are outside the area of supply as specified in the said license and shown on the plan deposited with Government.

* An area, about 2·5 × 0·5 furlongs, touching the Venkula Road, the boundary of the present area of supply, and lying to the north of Jail side and shown in green in the deposited map.

And whereas by two agreements, dated the 4th March 1944, and made severally between the Company of the one part and the said Messrs. Mohamedsab Kamalsab Panchapure and Ramachandra Bhimrao Kulkarni respectively (hereinafter referred to as "the consumers") of the other part it has been agreed that subject to the authority the Government of Bombay and subject to the terms and conditions mentioned in the said license, the said consumers shall, from the date on which the said premises shall be connected to the Company's distribution system, take from the Company a constant supply of energy for a period of not less than two years for any or for all purposes for which the Company is authorised to supply energy to other consumers under the said license;

And whereas the said premises are not within the area of supply of any other licensee under the Indian Electricity Act, 1910 (IX of 1910);

Now, therefore, in exercise of the powers conferred by section 27 of the Indian Electricity Act, 1910 (IX of 1910), the Government of Bombay is pleased to authorise the Company to supply energy to the consumers for the said premises which are outside the area of supply as specified in the Belgaum Electric License, 1932, and for that purpose to lay down or place electric supply lines, subject always to the provisions of the said Act, the rules made thereunder and the terms and conditions of the said license as if the said supply were made within the area of supply.
